

He Didn't Even Kiss Me Goodnight!

A DRAMATIZED STORY ABOUT A WIFE WHO WORRIED ABOUT HER HUSBAND

Posed by professional models.

NIGHT after night my husband came home from work all tired out. He was nervous, irritable — and barely touched supper. Most of the time he'd just sit around for a while — then drop into bed, asleep as soon as his head hit the pillow. Often he didn't even kiss me goodnight . . . and yet I knew I had a good man — one who really loved me.

I know a man's tired after a day's work — but my husband was simply "dead on his feet"! You'd think he'd forgotten all about me!

Then one day we saw a Vitasafe ad in a magazine. It told about other men like my husband who had once felt tired and run-down, who had lost their pep and energy. It said that this condition may be caused by an easily

corrected vitamin-mineral deficiency, and that thousands of people had experienced a feeling of increased vitality and strength through the famous Vitasafe Plan. It offered to send a trial 30-day supply of powerful Vitasafe High-Potency Capsules so we could discover for ourselves whether my husband could be helped.

We had nothing to lose, so we sent the coupon. And believe me, it was the smartest thing we ever did. Now my husband's like a new man. He feels stronger and peppier than he has for a long time!

If you want to help someone you love get rid of that tired, run-down feeling, due to a vitamin-mineral deficiency, send for a 30-day trial supply of Vitasafe capsules as we did. Just mail the no-risk coupon today.
