

Former star of *Dynasty* reveals... How A New Discovery From Asia Seems To Burn Off Body Fat For Almost Everybody Who Tries It!

Dear Friend,

My name is Geoffrey Scott and I've been in show business for more than 20 years. Perhaps you've seen me in *Dynasty* when, as Mark Jennings, I played opposite Linda Evans and Joan Collins. I've also guest starred in *Night Court*, *Fantasy Island*, *Love Boat*, *Dallas*, *Hotel* and many other T.V. series and feature films.

Whatever, the reason I mention all this is because everybody I know in show business is vitally concerned with their looks, their health, and especially their weight! And, that's why I am very happy to announce a brand new diet secret that is being introduced by my friend Michael Ezell.

So, if you have a problem with your weight, you should definitely be aware of this product. I use it myself and I think it's incredible. It's made a big difference in my life. Not only have I lost weight, I also have a lot more energy. Anyway, here is the official press release Michael is sending to all the papers. Please read it carefully.

DATLINE PHOENIX, AZ: If you would like to lose weight, then you should know about a man from London, England.

The name of the man from London is Charles Wayne and, in a couple of minutes, I'm going to tell you about what he said to me in an amazing letter I recently received from him. However, before I tell you about the letter, let me tell you a little about this new diet product Mr. Wayne is using.

First of all, it seems there is a certain kind of slender evergreen tree that only grows in Asian countries. These trees produce a strange looking purple berry about 1 to 1½ inches in diameter. These are called Brindall berries and some researchers now believe that these peculiar berries are the ultimate solution for people who want to lose weight.

Here is why. Brindall berries naturally contain approximately 20% to 30% of something the scientists call hydroxycitrate or HCA for short. And, according to seven different clinical studies, the HCA found in Brindall berries does three different things that help people lose weight:

(1) **HCA HAS THE UNIQUE ABILITY TO STOP HUNGER DEAD IN ITS TRACKS!**

Here's what it says about this in the scientific literature: "Over seven clinical feeding studies comprising more than 100 subjects utilizing a 3mg/kg oral dosage level of HCA contained in the Brindall berries reduced food intake 43% at 6.5 hours and 29% at 24 hours. In a phenomenon related to tolerance, no rebound eating stimuli was observed after discontinuing HCA administration."

What does this mean in plain English? It's very simple. It means that, now at last, because of this discovery, you can reduce your food intake drastically and never ever be hungry again!

(2) **HCA FORCES CALORIES TO BE FUNNELED INTO YOUR ENERGY SYSTEM INSTEAD OF YOUR BODY'S FAT STORAGE SYSTEM!**

This is what the medical newsletter *TAAGline CITATIONS* (which condenses info from scientific literature) says about this aspect of HCA usage: "Figure IV (a statistical table) shows that the optimal time of administration is one-half hour to one hour before eating. Fat synthesis was inhibited 76% and 77% respectively at those times. Even two hours prior yielded a 54% inhibition!"

In a nutshell, what all that scientific wording means is that HCA forces your body to convert food into energy instead of fat.

Period.

(3) **HCA HAS NOW BEEN COMBINED IN TABLET FORM WITH OTHER KEY NUTRIENTS THAT STIMULATE THE RELEASE OF CALORIES ALREADY STORED WITHIN YOUR BODY TISSUES AS FAT!**

The tablet mentioned above is called *Berry Trim*™ and, in addition to HCA, contains certain nutrients which dramatically assist in the rapid burn off of excess body fat plus the almost immediate excretion of excess body fluids.

What it all boils down to is that *Berry Trim* may very well be the answer to all your prayers if you have a stubborn weight problem. Here are some comments from letters from people (including the aforementioned Charles Wayne from London and three U.S. doctors) who have already tried this remarkable product:

"I am writing to thank you for inventing your amazing *Berry Trim*. Over the past 15 years I have tried every diet conceivable with no success. I am pleased to inform you that *Berry Trim* has succeeded where all others have failed and I am ecstatic over your product. In 6 weeks, I lost 40 pounds along with 10 inches I've been carrying for years and it was so easy!"

Mr. Charles Wayne
London, England

"NOTE: if you wish, you can order this amazing diet system without sending any money."

"My husband has lost 20 pounds and some inches. My teenage daughter has lost four inches off her waist and six inches off her hips and has lost 12 pounds. I, myself, have lost 14 pounds and have gone down almost two sizes in some of my clothes."

— Mrs. Walker Elsi
Los Angeles, California

"I've lost 40 pounds in 2 months with *Berry Trim*. I have energy and an overall feel of wellness."

— Lyle Simon
Cleveland, Ohio

"I noticed the flab under my chin and on my arms and sides just slowly disappear. As the diet progressed, the pounds started to come off about three to five pounds per week. I also noticed a very significant surge of energy and a feeling of well being."

— Earl E. Donald
Tacoma, Washington

"This letter is in reference to your product *Berry Trim*. As a Family Practitioner I have had experience with many patients who have been involved with various weight loss products. Most products that require prescriptions I have found to be unacceptable in terms of possible side effects and ill effects, and those currently over the counter are also unacceptable, with the exclusion of *Berry Trim* which is not only effective, but it is safe and very unique in its mode of action. I am recommending *Berry Trim* not only to patients, but to my nursing staff and family as well!"

Stuart A. Medoff, M.D.
Scottsdale, Arizona

"Thank you for the opportunity to participate in the test of your new product *Berry Trim*. The initial results are very encouraging and it appears that it may provide a beneficial service to a wide cross section of the public concerned with weight loss. I think you are on the right track."

Dr. R. C. Martin
Denver, Colorado

"I have had experience with your *Berry Trim* product over the last one year. Not only have I used the product myself, but I have also recommended it to adults who are seeking weight loss assistance, as I find it to be an optimal supplement. *Berry Trim* works as a weight-reduction agent, and knowing that the ingredients are natural and without harmful side-effects is very reassuring. I believe it to be completely safe and efficacious as advertised."

Raun Melmed, M.D.
Phoenix, Arizona

That's enough for now. I have many more letters like this in my files and I get new ones nearly every day. The point is simple:

THIS PRODUCT WORKS!

Not only does it work, it works so well. I am offering an iron-clad money-back guarantee to anybody who uses it for 30 days without experiencing a **very significant** and **dramatic** weight loss.

How can I make such a strong guarantee? The answer is simple. You see, in addition to HCA, my *Berry Trim* tablets also contain eleven other key nutrients that almost force you to lose weight. Here are the names of those nutrients and a brief description of how they work:

Potassium Citrate: a highly soluble form of potassium, which aids water balance and stimulates the adrenals and thyroid glands, producing energy and improving alertness.

Yam Extract and Protein Complex: made from Mexican yams and bovine adrenal glands, this blended food supplement may support the adrenals in reducing fat synthesis and slowing the aging process.

L-Carnitine: sometimes called Vitamin B1, this is a non-protein amino acid that exclusively transfers fatty acids to where fat is converted to energy within the cell.

Vitamin B6: also known as pyridoxine this nutrient reduces excessive water retention. It is also one of the co-factors involved in appetite regulation.

Apple Pectin, Guar Gum and Psyllium Husks: these are fruit, vegetable and grain fibers that absorb water in the stomach, swelling to many times their size and creating a feeling of fullness. They also may help balance blood sugar, lower cholesterol and aid in the removal of toxins from the body.

DLPA: this produces PEA, a neurotransmitter in the brain which regulates appetite. DLPA also increases endorphin levels in the brain, improving mood and appetite control.

This is Geoffrey Scott who has starred in *Dallas*, *Dynasty*, *Night Court*, *Fantasy Island*, *Hotel*, *Love Boat* and many other T.V. series. He also has been in many feature films and stage productions. Mr. Scott currently lives in Hollywood almost directly behind the famous Hollywood sign and he is extremely concerned with health and fitness.

Vitamin B5: this is a vital component in Coenzyme A which plays a central role in energy production. It may also aid tissue elasticity during weight reduction.

L-Cysteine: this nutrient may aid detoxification of the body which can be beneficial in weight loss programs.

Zinc Picolinate: this is another nutrient that aids detoxification and assists tissue elasticity.

O.K. that's it. Now you know what's in the product, how it works and what other people (including three doctors!) have to say about this amazing weight-loss breakthrough. You also have my iron-clad, legally binding personal and corporate guarantee that I will give you an immediate refund of every penny you paid if, after 30 days, you have not experienced a safe and very dramatic loss of excess body fat.

The rest is up to you. The price is only \$39.95 plus \$3.00 shipping and handling (total \$42.95) for a one month's supply and it's easy to order. First of all, if you wish, you don't have to send any money. All you have to do is pick up your phone and dial **1-800-321-6869**. (This is a toll-free number and it won't cost you a penny.) When the girl answers, give her your name and address and tell her how much you want to order. Then, tell her if you want the company to send the diet product C.O.D. or if you prefer to charge it to one of your credit cards. (By the way, for our records, please tell her the code number of your order is 148.)

That's all there is to it. Your order will be sent to you quite promptly. After that, you are the judge. If, after 30 days, you are not 100% satisfied (for any reason at all) simply send back the empty product container and you will receive an immediate refund of every penny you paid with no questions whatsoever.

Sincerely,

Michael Ezell
